GENERAL GUIDE FOR UNIVERSITY / COLLEGE ADMISSION

Canada, Ontario—Information to Know

When a student applies to an Ontario Community Colleges and / or University the marks are sent automatically from our school. All other applications are done independently so if transcripts are required you must speak to Ms. Trotman, Guidance Administrative Assistant.

Ontario Community Colleges

Canadian Community Colleges have a large variety of excellent programs. They offer:

Certificate Programs	– 1 year
Diploma Programs	– 2-3 years
Applied Degree's	– 4 years

For certificate and diploma programs the requirements are a minimum of :

- Completion of the Ontario Secondary School Diploma (OSSD).
- Most programs also require a grade 12 English at the College or University level.

For more specific requirements you need to consult the individual college website. www.ontariocolleges.ca

Ontario Transfer Guide

There are transfer agreements between many Ontario universities and colleges, where you may transfer programs from Ontario colleges to Ontario universities and vice versa

The pathways described in this guide are provided for general information and planning. All pathways are limited to those students who have the prerequisites and attain the academic standing specified in the agreement.

Moreover, even if all prerequisites are met, admission to the destination program is not guaranteed; admission is generally on a competitive bases. Please contact the Admissions Office of the “receiving” institution/program that you are considering for more details information about transfer opportunities. www.oucutg.on.ca.

Applied Degrees

The Ontario Ministry of College and Universities has given some colleges the ability to confer a university degree for some programs. These applied degrees have the same admission requirements as the Ontario Universities but you can apply to them with the on-line College Application Form. www.osca.ca

Ontario Universities

Ontario Universities require a minimum of six (6) Grade 12 University or University / College courses. These are courses that have a U or M as the 5th character in the course code. The universities will **not** accept College or Open courses for admission. These are courses that have C or O as the fifth character in the course codes.

Example:

ENG4U or HSB4M > accepted for admission
PPL4O or ENG4C > not accepted for admission

Most University programs have specific course requirements. It is important that you research these requirements.

www.electronicinfo.ca

If the university asks for a Grade 12 course as **a pre-requisite** they will **not** accept you without it. However, if the university states that it is a **recommended** course they will still consider your application. You should be aware that if you don't have a recommended course the University may accept you into the program and require that you take that course in your first year.

The Ontario application process for Universities is on-line. There is a tutorial on-line as well. The most difficult part of the application process is not the application itself, but rather the research that must be done before you apply. **START EARLY!**

1. What is the process for applying to university and college in Ontario?

Students apply on-line to Ontario University and College. Some-time after November 15, the school will receive pin numbers for all students eligible to apply to university. An announcement will be made and students will be told where to pick up their application and pin number. There are no pin numbers for college applications in Ontario; however, students will still be applying on-line. As soon as the information becomes available, students will be contacted.

2. How do I pay for my application on-line?

You may use a credit card (MasterCard or Visa) to pay for your application. If you do not have a credit card you may send the application centre a cheque (or a money order (drawn on a Canadian bank) in Canadian dollars.

There is also an internet or telephone bill payment service. You will have to check with OUAC and OSCA for details on the internet/telephone option. Once they have received your payment, they will activate your application. **Please note that if you send a cheque, it may take up to two weeks for the cheque to arrive and be processed. This will delay the activation of your application.**

3. Is there a limit to the number of universities or programs at a university to which I can apply?

No, you can apply to as many universities as you wish to pay for. However, **PLEASE READ YOUR APPLICATION BOOKLET CAREFULLY, SOME UNIVERSITIES DO HAVE LIMITS TO THE NUMBER OF PROGRAMS TO WHICH YOU CAN APPLY.** Also, students should check the policy of acceptance to alternative programs. Please also be aware that for many programs there are supplementary applications and addition criteria required.

Please check your college/university handbooks and websites of the institutions that you wish to attend for this information.

Your on-line university application can be changed at any time, **BUT** you must comply with the universities individual deadlines. For example : if you apply to York University with the on-line application, but decide to change it to Guelph you may do so as long as you do it before the application deadline stated in Guelph's University Calendar.

COURSE REQUIREMENTS SUMMARY

UNIVERSITY

- Ontario Secondary School Diploma (OSSD)
- 6 grade 12"U" and/or "M" levels
- Grade 12 "U" English plus 5 other
- Within the 5 remaining course for admission avg, schools may demand program prerequisites. Refer to: www.electronicinfo.ca

Details about applying to universities in **Ontario** are available in the **Compass Application booklet you will receive with your pin number.** Also for more detailed information about specific universities, please refer to your MLIS website resource package.

COLLEGE

- Ontario Secondary School Diploma (OSSD)
- Courses for admission must **always** include grade 12 "U" or "C" level English.
- Admission requirements **may** include other courses
- Admission requirements **may vary** from school to school and from program to program (consult school's website for accuracy)
